Genesis Parent Portal Access Registration

As you are probably aware, the district has migrated to a new student information system, Genesis, which provides the district and parents with a significant increase in valuable features.

One of the important features of Genesis is the addition of a parent portal for parents/guardians and students. Parents will have the opportunity to view and monitor their child's attendance, class schedule, grades, and any discipline issues that may arise, as well as progress reports and report cards.

To register for this service, please complete all the information requested below, sign the form and mail or fax the completed registration form to:
