This notice is to advise you that the following pesticides will be used:

Pesticide Common Name Evade	Pesticide Trade Name Prodiamine	EPA Registration Number 34704-776
Pesticide Common Name Power Zone	Pesticide Trade Name MCAP	EPA Registration Number 2217-834

Location of the pesticide application: Athletic fields, Practice fields Middle School, High School

Reason for the pesticide application: Controlling the crabgrass problem in large areas of the fields

If an indoor application, the date and time it is planned:

DATE N/A TIME N/A

If an outdoor application, 3 dates must be listed, in chronological order, on which the outdoor application may take place if the preceding date is canceled.

DATE May 14, 2023 DATE May 21, 2023 DATE June 4, 2023

Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:

May cause mild irritation to skin and eyes. Ingestion of large amounts may cause gastrointestinal disorder, nausea, vomiting and/or diarrhea.

Pesticide product label instructions and precautions related to Public Safety.

Causes minor eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact while handling the material may cause allergic reactions in some individuals.

Note: as required by law, we are advising you of the following statement:

*The Office of Pesticide Programs of the United States Environmental Protection Agency has stated:
"Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."*
