

Notification of the Use of Pesticides

(This notice should be received at least 72 hours prior to pesticide use)

Date Issued: 3/7/2024

To: Parents/guardians of students, and staff of [insert name of school]

From: The School IPM Coordinator: Scott Chamberlin Phone Number: 201-599-7275

This notice is to advise you that the following pesticides will be used at [insert name of school]:

Pesticide Common Name Allectus	Pesticide Trade Name Imidacloprid Bifenthrim	EPA Registration Number 089903
Pesticide Common Name Power Zone	Pesticide Trade Name MCAP	EPA Registration Number 2217-834

Location of the pesticide application: HS-MS Athletic Fields and Practice Areas

Reason for the pesticide application: To control clover and prevent chinch bug & grub damage

If an indoor application, the date and time it is planned:

DATE N/A TIME N/A

If an outdoor application, 3 dates must be listed, in chronological order, on which the outdoor application may take place if the preceding date is canceled; and the time the application is scheduled to occur.

DATE / TIME 3/10/24 DATE / TIME 3/17/24 DATE / TIME 3/24/24

Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:

May cause mild irritation to skin and eyes. Ingestion of large amounts may cause gastrointestinal disorder, nausea, vomiting, diarrhea, or pain in the abdomen. Inhalation may cause moderate irritation to the mucous membranes.
Inhalation of sprays may cause burning sensations in the respiratory tract, resulting in coughing.

Pesticide product label instructions and precautions related to Public Safety.

Causes minor eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove contaminated clothing before reuse. Prolonged or frequently repeated skin contact while handling the material may cause allergic reactions in some individuals.

Note: as required by law, we are advising you of the following statement:

*The Office of Pesticide Programs of the United States Environmental Protection Agency has stated:
"Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure."*

REMEMBER: Whenever a non-low impact pesticide is used on school property there is also a Restricted Entry Interval (REI) that begins when the pesticide application ends. This Restricted Entry Interval last for seven hours unless the product label uses NUMERIC LANGUAGE, e.g., 4hours or 12 hours; directing a longer or shorter period of time. If the product label does not discuss Restricted Entry the period of time defaults to seven (7) hours.
