

**TECHNOLOGY: NETWORK, COMPUTING NETWORK, DEVICES, COMMUNICATIONS,
DIGITAL ENVIRONMENTS OR DIGITAL MEDIA**

The River Dell Regional School District is requiring that all students/parents pay an annual maintenance fee of \$75 (for students participating in the one-to-one program) which will provide coverage for repairing and/or replacing devices accidentally damaged or loss due to theft. It also includes the use of a loaner device for the duration of the repair.

It does not include coverage for damages deemed repeated, careless, and intentional or as a result of misuse.

PLEASE READ EACH SECTION CAREFULLY AND AGREE TO THE TERMS AT THE BOTTOM OF THE PAGE:

- The devices (including ancillary accessories and protective cases), from here forward referred to as the 'device,' are the property of the River Dell Regional School District. Parent/Student understands and agrees to abide by the rules and regulations set forth by Board Policy #6142.10, including the Regulation and Exhibit, which are posted on the technology section of the district website. The device will be returned at the end of each school year for annual upgrades and maintenance. Every student will receive the same device back the following school year. Students should not deface, vandalize, destroy, alter or discard and are expected to care and maintain the devices.
- Devices must be carried in their protective sleeves when being transported and charged every night. It is the responsibility of the students to bring any repair issues to the help desk.
- Costs will be set by repair professionals authorized to act in such capacity as part of the agreement between the school district and the manufacturer. In the event there are repeated "accidents" of a similar nature, the school administration may view this as a student exercising carelessness or negligence and the cost of the repair will become the responsibility of the student/parent.
- Each device includes accidental damage coverage. In order to receive this coverage, damages must result from an accident. Details of the accident must be submitted to the technology department with every accidental damage claim within 48 hours of damage.
- The theft or loss of a device must be reported to the appropriate building School Principal's Office within 24 hours. If the device is not located within 48 hours, a police report must be filed with the local police department. If the theft of the device is a result of carelessness or negligence, then the student/parent will be responsible for the full replacement of the cost of the device.
- Payment for the Accidental Damage Protection (ADP) and maintenance must be made online after accepting the terms of the agreement.

Concerns regarding the payment of the \$75 should be addressed to the appropriate building School Principal.

I have read and understand the policy: YES ☒ NO ☐

Parent/Student understands and agrees to abide by the rules and regulations of Board Policy #6142.10, including the Regulation and Exhibit, which are posted on the technology section of the district website.
