

## Set Up Your NoodleTools NoteCard:

1. From your project dashboard, open “**Sources**” to get to your Works Cited bibliography.
2. To open a NoteCard, go to the right of your citation, under the heading “Notecards” and click “**New**” – this will open a new NoteCard linked to the cited information source.
3. In the ‘**My Ideas**’ box, type in the following:
  - I took notes on this because...
  - The important information is...
  - I am going to use this information in my essay like this...
  - I still have some questions about...
  - Vocabulary I had to look up with the definitions:
