

Awards / Challenges in IXL

1.

Click the **Awards** tab to go to your game board.

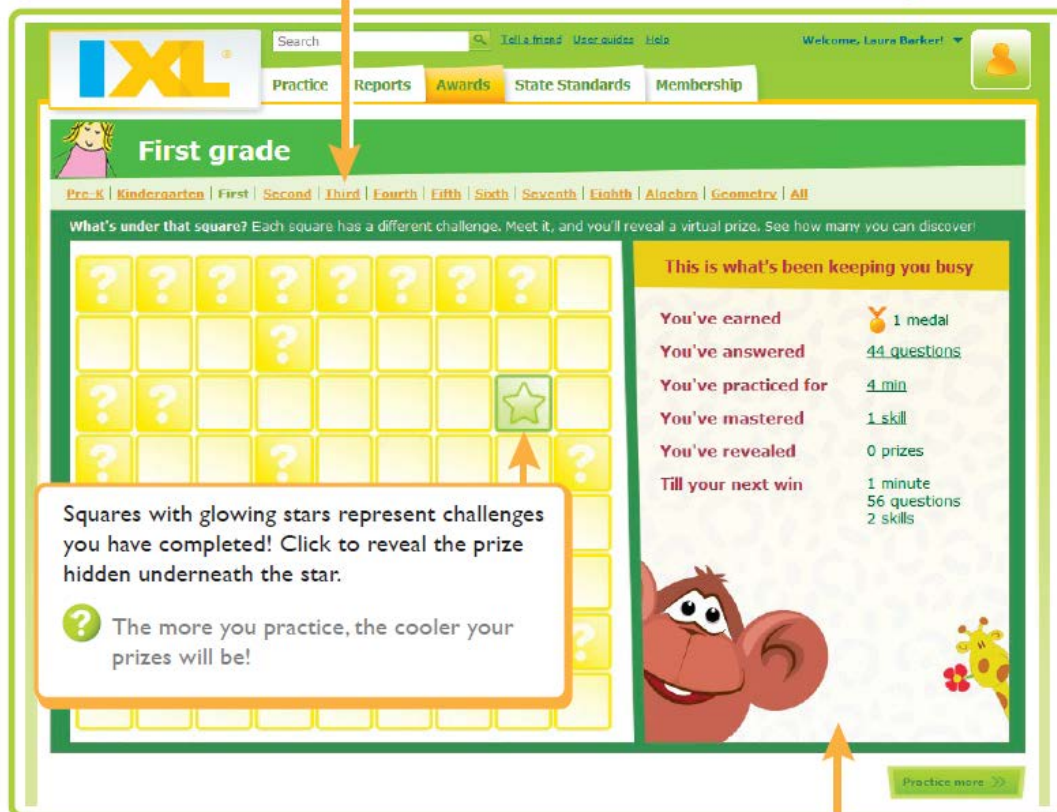

? As you practice, you'll know you've earned prizes when you see this message on your screen: "You have prizes to reveal! [Go to the game board.](#)"

2.

Reveal your prize by clicking on the glowing star.

Each grade in IXL has its own game board, with a unique theme. Make sure you are viewing the game board for the grade you just practiced. Can you guess the theme?

This panel summarizes your IXL accomplishments for this grade. As you practice, these numbers will go up and up!

? Love your prize? Make it your profile icon! Click and drag it to the top-right of the page, then hold it over your current icon and release your mouse button.

3.

Continue practicing to win more prizes!

The screenshot shows the IXL website interface for a first-grade user. At the top, there is a search bar and navigation links for 'Practice', 'Reports', 'Awards', 'State Standards', and 'Membership'. The user is logged in as 'Laura Barker'. The main content area is titled 'First grade' and features a grid of challenge squares. Some squares are yellow with question marks, while others are plain. Callout boxes provide the following information:

- Plain squares will turn into question marks when you've practiced enough to unlock more challenges.** (Points to a plain square)
- Squares with question marks represent challenges you have unlocked. Hold your mouse over any of these squares to learn more about the challenge.** (Points to a square with a question mark)
- To uncover this square: Master 4 skills in the category: [Fractions](#). You haven't mastered any skills in this category yet. [Practice now >>](#)** (Points to a square with a question mark)
- Links in a challenge will take you directly to the category so you can pick a skill to practice.** (Points to the 'Fractions' link)
- Or, click **Practice more** to go back to the full list of skills.** (Points to a 'Practice more >>' button at the bottom right)

Additional UI elements include a 'What's under that square?' header, a 'You've earned 1 medal' notification, and a 'You've revealed 1 prize' notification. A cartoon monkey character is visible in the bottom right corner of the grid area.

- ? Most challenges are based on practice time, number of questions attempted, and skills mastered. Try winning your next prize by practicing 5 minutes or answering 100 questions.

4.

Keep up the great work!

The more you practice, the more prizes you'll collect—and the better you'll be at math! How many skills can YOU master?
