

IXL Technical Requirements

Operating systems and browsers

IXL supports the operating systems listed in the table below, with the latest available versions of the indicated browsers.

Operating System	Browsers
Windows	Internet Explorer 8, 9, 10 Mozilla Firefox 10.0 or higher Google Chrome
Macintosh OS X	Safari 5.0 Mozilla Firefox 10.0 or higher Google Chrome
Google Chrome OS	Google Chrome

 **Hint:** You should always make sure your computer has the latest available operating system and browser patches. Running without the latest patches may prevent IXL features from working properly.

Hardware

We recommend you have at least 256MB of installed RAM, and you should set your display to a resolution of 1024x768 with 32-bit color depth.
