River Dell Regional High School and the Oradell Public Library are proud to sponsor a Zoom event with Mr. Feuchs and Ms. Tepper on January 12, at 7 p.m. The presentation will help families understand how COVID-19 is changing the college admissions landscape and how it will affect high school Freshmen, Sophomores, and Juniors. Please use the above link to register for this event on January 12th at 7 p.m.

The college admissions process is undergoing significant and lasting changes as many colleges and universities have gone test optional for this current admissions cycle and will evaluate their standardized testing policies going forward. With the opportunity for visiting colleges curtailed, this presentation will discuss how students can engage with colleges virtually to help them develop a preliminary list of colleges to consider visiting when campuses are fully open.

The holistic review process will be discussed as well as the greater focus admissions officers will give to extracurricular activities and a student's character as there will be fewer data points to rely on due to the disruptions from COVID-19.

This program covers how admissions officers are handling the current situation and how students can position themselves to develop a compelling narrative to increase their chances for admission. We will also discuss the importance of community service and how it can help a student to stand out from other applicants.

Mr. Ron Feuchs and his associate Ms. Jackie Tepper from Stand Out for College, LLC provide full-service college counseling to help identify the right college, build, and explain each student's unique qualities and strengths that enhance their application to the college of their choice. Parents have given testimony to the fact that their children have demonstrated confidence and personal growth through the support and experience provided by Ron Feuchs and Jackie Tepper.
